COURT HOUSE
DUBUQUE, IOWA

Sept. 12th, 1951.

Miss Betty Hagge, County Librarian,
Scott County,
Eldridge, Iowa.

Dear Betty:

How about the four or five county librarians getting together sometime during the ILA meeting. Perhaps we all have a few worries that someone else could help us with and the other way around? When do you intend to arrive and how long are you staying? I wondered how about getting together on Thursday. I planned to leave here on the morning bus and would arrive in Iowa City early noon time 12:30 or so? I could help write some letters or such.

I will be at home the first four days next week, if you don't get an answer to me before Friday send it home, please.

Have you had a good summer, how is the new Bookmobile, we have one on order?

Best wishes,

Catherine

Dear Catherine,

Your suggestion of a meeting of the county librarians during the ILLA is a very good one. I think they should have remembered us in making out the schedule of work-shops for Thursday. I'm going out Thursday a.m. and staying through until the bitter end. Thurs. afternoon should be a good time for us all to get together for a pow-wow. I'll write to Miss Kruse at Newton and Miss Busch at Merville and see how they feel about it.

I'm not sure that I have a reservation - but I'm hoping - however, I don't know where it is. I've asked for the Jefferson, but they weren't sure. How about meeting at the information desk of the Univ. Library at 2 p.m. Thursday afternoon. That seems to be headquarters for the work shops being held on Thurs. according to the Catalyst. I plan to attend the workshop on the large p.l. in the morning.

Our new bookmobile still has not arrived - ordered in January - chassis delivered at the factory in April - started production on it late in April! It's supposed to be finished in time for the convention, however, so Mr. Wyer can show it at Iowa City. The company wanting it themselves I suspect it will get ready!

See you in Iowa City. Write to me if you have any other ideas about time and place.

Sincerely,
